## DEFENSE HURLS CHARGE AS GIRL IS QUESTIONED

### NOMINEE SEES HOPE IN TEXAS WOMEN'S HELP

WASHINGTON, September 6. — Herbert Hoover will make his first attempt to batter the Democratic barriers of the solid south when he makes a speech at Elizabethton, Tenn., it was learned here today.

Hoover has decided that the fight to annex the southern states must be under the direction of local committees, but the Republican National committee will lend every effort in the hope of returning Hoover victorious in the south.

The fight in the South, Hoover leaders felt, also will augment the favorable chances for republican victories in the border states of Maryland, Kentucky, Missouri and Oklahoma.

Hoover personally discussed the Southern situation with J. Hill Taylor, republican leader of Tennessee and Senator Fred M. Sackett, of Kentucky. They assured him that the republican party has excellent chances of carrying Tennessee, a doubtful state in presidential years, and was certain to carry Kentucky, one of the border line states that goes republican but seldom.

The Hoover leaders also were watching the Texas situation. They were cheered considerably by the statement of Mrs. J. C. Griswold, republican national committee woman from Texas, that Hoover has a good chance to carry the Lone Star state.

### Hot off the Griddle

SECRETARY KELLOGG IS AN enigma to French diplomats. They admit frankly that they have never encountered a statesman who could maintain silence so well. Mustin is fascinating to the emotional and loquacious Frenchman at any time, but, at a banquet, almost without precedent, Secretary Kellogg has learned that the listening ear never causes diplomatic controversies and that the silent tongue does not say that which had better been left unsaid. Many of his predecessors learned that too late.

A YOUNG GLASGOW WOMAN, acquitted of the murder of her husband, is carried out of the courtroom on the shoulders of enthusiastic sympathizers. She had admitted stabbing her husband to death because he ill-treated her. This is a sympathetic world. The story of poverty and abuse inflicted upon a woman by a lazy, brutal spouse arouses nothing but compassion for the wife and scorn for the husband. But from a dispassionate viewpoint nothing justifies the taking of a human being's life, whether the executioner be outraged society or an abused wife.

BELATED HONORS ARE TO BE paid in France this year to the memory of Beau Brummell, pioneer dandy of the eighteenth century. The semi-starved collar of today owes its birth to the vanity of Beau Brummell, who wanted to be different. ### Six Injured As Car Overturns

With one man sustaining a fractured leg and a broken nose, five other occupants of an automobile that overturned near Christie crossing on the Franklin Canyon road narrowly escaped serious injury.

Walter Ernest, seaman off the United Fruit Company's ship, the "Lepola," docked in San Francisco was the most seriously injured. Other occupants of the automobile were Daniel Seed, driver, and George Cox, seaman from the "Lepola," and Thelma Thomas, Elsie Fennell and Kathleen Hagelman, all of San Francisco.

The injured people were picked up by George Regan of Pinole, who passed the scene of the accident shortly after it occurred, and taken to the Richmond Emergency hospital.

The party was on its way to San Francisco.

No one in the party could give any reason for the machine overturning.

### Shevlin Hearing Set September 14

### FOUR POSTS VACANT

MEXICO CITY, Sept. 6.—(U.P.)—The four posts now vacant in the Mexican cabinet will not be filled until after December 1. With the resignation of Secretary of Industry, Commerce and Labor, Luis M. Morales, it was expected that President Calles would find it necessary to fill this important office at least. Indications are now, however, that this together with the other ministries, will be left vacant for the time being.

### MRS. COLE IMPROVES

### KANSAS FLIER IS LEADER OF L.A. AIR RACE

KANSAS CITY, Sept. 6.—(U.P.)—Maintaining the leadership he assumed at the outset of the trans-continental air derby in New York, Earl Rowland of Wichita, Kansas, flying a Cessna model A plane, led the remaining contestants in the race into Kansas City this afternoon.

Rowland and 30 other aviators left Columbus, O., this morning, making stops at Terre Haute, Ind., and St. Louis before proceeding here, where they will remain overnight.

Three of the entrants were forced down while crossing the state of Indiana today, making a total of nine that has been eliminated since the race got under way Wednesday morning.

Dan Robertson, St. Louis, crashed near Rushville, Ind., and he and his passenger, Earl Daugherty, were injured slightly. The motor exploded, seriously damaging the plane. J. W. Hunt, Moundville, W. Va., was forced down in Indianapolis with a broken carburetor and Harry Smedley, Kansas City dropped out 20 miles from Indianapolis.

### Prisoner Bound To Higher Court

Kenneth McGregor, 28, of Santa Monica was held to answer to the superior court yesterday afternoon following a preliminary hearing in the court of Justice of the Peace Arthur A. Alstrom. McGregor is charged with assault with a deadly weapon upon Joe De Martini, El Cerrito grocer. In lieu of \$1500 bail he was taken to Martinez yesterday afternoon by Constable J. W. Smiley where he will remain pending trial.

McGregor is accused of hitting De Martini on the head with a hammer while the latter was weighing some fruit which McGregor was pretending to purchase. He admitted his guilt, pleading hunger as the cause. He also admitted stealing a car from San Francisco. He was captured in the car after a chase through Franklin canyon.

A few minutes later Engine No. 1 extinguished a grass fire at Washington and Park avenue. At 8:30 last night a rubbish fire at Thirty-first and Hermann brought a response from Engine No. 4.

### N. Y. Democrat Leader Says He Will Aid Hoover

WASHINGTON, Sept. 6.—(U.P.)—Col. Henry Breckinridge, New York attorney and a democrat who has assistant secretary of war under Wilson, has declared for Herbert Hoover, the Republican National committee announced tonight.

"In an era of swift economic change his deep knowledge and high intelligence makes him a natural leader of our complex business life," Breckinridge said of the Republican candidate. "His humanitarianism makes him a safe custodian of the general welfare of the people."

### Plane On Way To S. F. Dives, Pilot Killed

—ROCKFORD, Ill., Sept. 6.—(U.P.)—The pilot of a Stinson-Detroler passenger plane was drowned, two other persons were injured seriously and two others escaped with slight injuries this afternoon when the ship struck a high tension electric wire and nose dived into the Rock river.

The plane, with the five occupants, had just left the Rockford Airport here for a flight over the city.

The body of the pilot, M.E. Headley, was recovered from the river a half hour after the crash. Headley, formerly an overseas army pilot, had stopped in Rockford on his way from San Francisco to Warren, O. He was employed by the Packard Electric company of Warren, owners of the plane.

### Pinole Youth Is Called By Death

Frank Francis, 20, of Pinole, passed away at his parent's home yesterday after months of illness. About a year ago Francis was injured and forced to have his leg amputated. Since then he has not recovered normal health. He was the son of Mr. and Mrs. Joseph Francis and a brother of Antonio, Joseph, Louis and Jessie Francis and of Mrs. Evelyn Variz.

Francis was a member of Pinole I. D. E. S. No. 12. Funeral services will be held from Curry's funeral parlors at 9 o'clock and in St. Paul's church in Pinole at 9:30. Interment will be in St. Joseph's cemetery.

### Perfect Alibi Is Established In Driver Case

Because of mistaken identity, the bench warrant issued by Justice of the Peace Arthur A. Alstrom for the arrest of Clair Scroggins of Pinole on a charge of violating a court sentence by driving a motorcycle after his license had been suspended was withdrawn yesterday when it was found that another brother, Lowell and not Clair was the driver. Scroggins' operator's license was recently suspended when he faced a charge of driving 82 miles an hour along the Dam road. Traffic Officer Lester Eaton thought he saw Scroggins again driving the motorcycle. When Eaton started to serve the warrant, he was confronted by two brothers and was unable to identify the driver. Both claimed that it was the brother and not Clair who was driving. The alibi could not be disputed.

### Funeral Services For Suicide Victim

### WOMAN BRAVES DEATH AS SHE SAVES INFANT

HAYWARD, Sept. 6.—Imprisoned beneath her car when it overturned in Niles Canyon, Mrs. Bricida de Par-des of Alvarado held the weight of the car on her back for nearly half an hour to save the life of her daughter Maria, aged 4.

As the machine overturned, pinning both occupants beneath it, it began to sink slowly into the soft earth, crushing the body of the little girl.

Mrs. de Paredes, though able to extricate herself, would not desert the child. She braced her back against the car and managed to lift it a fraction of an inch.

Even then Maria could not work herself loose but she was safe from injury—so long as her mother's strength held under the strain.

Two farmhands working in a nearby field came to the rescue, but their combined efforts were inadequate to move the overturned automobile.

The mother was forced to fight against the crushing weight until the would-be rescuers were reinforced by passing motorists.

The car was lifted just as Mrs. de Paredes reached the limit of her endurance. She sank, face down, to the ground, unable to rise without assistance.

She and Maria were taken to Hayward for medical treatment. The child escaped with minor bruises. The mother is suffering from a sprained back.

### TO ATTEND CONFAB

Rev. G. W. Forman, pastor of the Community Methodist Episcopal church will attend the Santa Ana conference, which begins September 19.

Harold Moranda, "toy gun bandit" was found guilty of second degree burglary in Martinez yesterday. The jury that returned the verdict will sit next Tuesday to determine whether Moranda is insane as the result of his plea of "not guilty" and "not guilty by reason of insanity."

The trial of the "toy gun bandit" accused of burglary, was submitted to a jury in Superior Judge H. V. Alvarado's court at 2 o'clock following one of the speediest hearings in a criminal case on record.

Moranda is the first defendant in trial history in Martinez to invoke the insanity plea in conjunction with the not guilty contention.

Deputy District Attorney James F. Hoey based the prosecution's case on an alleged admission from Moranda that he burglarized the Zimmerman residence in Richmond.

After his arrest in San Francisco Moranda made an unsuccessful attempt to escape from the Richmond jail after penning a note to police, styling himself the "toy gun bandit."

Preparing for a possible insanity hearing Hoey had two alienists examine Moranda. They pronounced him sane.

Moranda is being defended by Attorney Hugh Donovan.

## An Extension Telephone by your Bedside

### is Aid and Protection in Emergencies

Sleep is better and safer when there is an extension telephone by your bedside. Calls to neighbors, fire department or police may be made instantly when the telephone is within reach.

Extension telephones are needed not only in emergencies. Wisely placed extensions save miles of steps in running up and down stairs and from one part of the house to another. They prevent embarrassment in making or answering calls when others are present. They avoid the loss of calls through failure to answer promptly.

In building a new house or in renting or buying a home, make sure that there is provision for adequate telephone service with the necessary extensions. Adequate telephone equipment is an essential modern convenience.

And it is very inexpensive. Extension telephones with all their protection and convenience cost only a few cents a week. Ask our Business Office to advise you regarding the proper telephone equipment of your home for the greatest comfort, protection and saving of time.

# SCREEN STAR ONCE ADVISED TO QUIT FILMS

Hollywood's "girl who wouldn't quit," the Cinderella who got out and made good when her career threatened to flash in the pan, is making a big name for herself in the pictures to be released in the fall of 1928.

The girl is Josephine Dunn, ex-New York City show girl who seemingly entered pictures under the most favorable of auspices.

Miss Dunn was born in New York City and educated at the Holy Cross convent. At the age of fourteen she went back-stage with a friend at the Winter Garden during rehearsals and was given a job almost in spite of herself because she had big curls like Mary Pickford.

During the next few years, she appeared in fourteen stage productions, including the Ziegfeld "Follies." Then came the Paramount movie school and Miss Dunn promptly forsook the stage and enrolled.

Her course completed and the school's first picture, "Fascinating Youth," made, she came to Hollywood with bright prospects of a screen future. Then came bad luck. Paramount, after giving her leads in "Love's Greatest Mistake" and "Fireman Save My Child," decided she was "not the type" and released her.

Miss Dunn decided to disagree with their decision and for nine months she visited very studio in Hollywood once a week, looking for a job. At the end of that time she was down to one dress suitable for street wear and one for evening wear.

When the average motion picture actress declares that she has "nothing to wear" her friends chuckle knowingly and give her the "raspberry" but at that time it was literally true for Josephine Dunn.

Then she was called to the Metro-Goldwyn-Mayer studios for a screen test. She registered so perfectly that when Louis B. Mayer saw the test, he promptly awarded her the leading feminine role in William Haines' starring picture, "Excess Baggage" which comes to the California theatre tomorrow.

Her work in that vehicle was considered so marvelous that when she finished, Mayer immediately signed her to a long-term contract.

What was Miss Dunn's first act after signing the contract? You have guessed it girls! She bought clothes.

Miss Dunn is twenty years of age, five feet three inches tall and weighs 112 pounds. She is the perfect blond type, has yellow golden hair and clear, deep blue eyes.

Showing with "Excess Baggage" a Paramount "Christie" comedy "Slick Silvers" "Wired and Fired" clever cartoon and a brand new screen snapshots.

## Happy

William Haines and Josephine Dunn in "EXCESS BAGGAGE" coming in the California Theatre tomorrow.

## Villainous Crew In Picture Here

Most of the members of the crew required for the ship scenes in the Tiffany Studio production "The Devil's Skipper" which is suggested by the Jack London story "Demetrios Contos" were assembled in all of the great sea pictures filmed within the past few years. These men have become adept in depicting the ruffians who sail the seas and need very little coaching by the director to get into the spirit of their roles. In the several exciting scenes in "The Devil's Skipper" the crew were with difficulty restrained by the director from seriously injuring each other, so imbued were they with the spirit of the picture. The "Devil's Skipper" will be the feature picture attraction coming to the Richmond theatre tonight and has Belle Bennett and Montagu Love in the principal roles.

Others in the cast are Cullen Landis, Mary McAllister, Gino Corrado, and many other film players.

The adventure serial "The Isle of Sunken Gold," an hilarious Paramount comedy "French Fried" and other short films will be shown.

## TRIAL WEDDING LAW IS THEME OF FILM HERE

"Half a Bride," Esther Ralston's new starring picture for Paramount proved to be an intriguing piece of entertainment when shown at the California theatre last night and the social drama seemed to be popular with the large audience.

The new Esther Ralston vehicle is a departure from her recent films "Love and Learn" and "Something Always Happens," those gay comedies which amused audiences at the California theatre recently. "Half a Bride" is a dramatic picture based on the experiences of a pleasure mad girl, who finds true happiness in a trip back to nature.

Gary Cooper, the versatile star, whose recent successes in "Children of Divorce," "Doomsday," and "Legion of the Condemned" have made him a popular screen favorite, is the leading male role and carries it off excellently.

Miss Ralston and Gary Cooper are washed ashore on a deserted island off the Canadian coast and during the weeks of privation which follow, Miss Ralston learns the emptiness of her former life as a petted society debutante and, in addition, learns to love her fellow castaway.

The picture is timely, dealing with companionate marriage and its follies and includes a variety of locale, including the ballrooms of the wealthy, the pleasure dives of the underworld, the life aboard an expensive sea-going yacht and a deserted island.

"Half a Bride" is excellently directed and photographed and is an intriguing, well-acted story of present day life.

An hilarious Paramount Christie comedy, "Bugs My Dear," with Bobby Vernon, the latest International News and the famous Will Rogers make this a worth while program.

## School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there is no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. On. Over 300,000,000 women should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

## Musical Show Returns Sunday

Manager Crawford of the California theatre announces that for the second week of their local engagement the Nat Holt Comedians will present a rollicking farce comedy "Kiss Me Caroline." All the members of the company who made such a great hit here last week including Bobby Fitzsimmons, Clarence Wurdig, Florence Spurrier, Valerie Noyes, Mary Fernando, Jimmy Edwards, Jimmy Whalen, the Knight Sisters and the Beauty chorus, will be seen in suitable roles and in clever new musical specialties.

Mr. Holt is gratified by the statement that every city in which they played last week as well as locally that all records for past business were broken and that comments have been pouring in from all sides as to the merit of the company.

This is the only traveling organization of this kind coming intact with scenery, wardrobe, stage technicians and musical leader.

Judging from the business last Sunday it is advisable for local theatre goers to come early to avoid standing.

Remember this Sunday at the California theatre Nat Holt's Comedians in a great all round new bill entitled "Kiss Me Caroline."

And on the screen, "Say It With Sables" featuring Helene Chadwick, Francis X. Bushman and Margaret Livingston. It is a very exciting mystery drama of a gold-digging adventures.

## INDIA CALLED GREAT PRINT PAPER SOURCE

NEW ORLEANS, Aug. 23.—U. P. The bamboo forests of India will soon take their place as the leading source of print paper used by American newspapers and at a price considerably lower than that now paid for this article, according to the prediction of Mahesh P. Bhargava, paper technologist of the Forest Research Institute of the British government at Dehra Dun, India, here recently on a tour of inspection of American lumber and pulpwood factories. Bhargava, a graduate of Allahabad University of India and of the College of Technology of Manchester, England has already visited numerous plants and expected to see all the principal industries before departing for his native land. In speaking of bamboo as a raw material for the paper-maker, Bhargava said the progress of converting it into the finished product heretofore was found too expensive to make the work of great commercial value. Research and the improvement of machinery, however, have made great strides in simplifying and cheapening this process and before many years India's millions of acres of bamboo will be thrown open as an inexhaustible source of supply for the world's paper requirements.

The growth of bamboo is remarkable, the Indian pointed out. It requires but twelve months for a bamboo growth to reach the height of a hundred feet or more. Bhargava said, whereas thirty to forty years are required for a tree to reach a growth to make it suitable for pulp usage.

Another advantage of the bamboo is the fact that no artificial means are needed to grow it. It will continue to thrive irrespective of cutting.

Bhargava is seeking capital to invest in paper making mills in his country. He said his government was prepared to offer alluring concessions to such investors in order to market the country's vast source of raw material.

### ORIGIN OF THE GRIPS

CAMBRIDGE, Eng., Sept. 6.—(U.P.)—Hand shaking was not always merely a polite gesture. Once it was a matter of life and death, according to Professor A. E. Heaton, who is lecturing before the summer school here.

The practice originated from a desire to show a stranger that you did not have a dagger up the sleeve," Professor Heaton explained. "That is why the old Roman grip was carried out by seizing the other man's forearm."

"Like many other present day customs, the origin of the hand-shake has been largely forgotten," he concluded.

## PLANK OF NEW PARTY TOLD BY S.F. NOMINEE

SAN FRANCISCO, Sept. 6.—(U.P.)—Farm relief, prohibition, state rights, public ownership, immigration, the tariff and flood control were the principal issues upon which the Farmer-Labor party will wage its campaign, F. E. Webb of San Francisco, the party's presidential candidate, announced tonight in accepting the nomination.

A life-long Republican, Webb declared conditions had forced him to quit the political standard he had always followed and accept the nomination offered him by the Farmer-Labor convention in Kansas City.

Webb outlined his stand on the issues enumerated as follows: Adequate farm relief by applying the principle underlying an equalization fee is some form. Public ownership of all public utilities by cities, counties and states. Favoring the enforcement of

## BEARS RATED AS CONTENDER FOR PENNANT

SAN FRANCISCO, Sept. 6.—(U.P.)—Football talk of the Pacific coast for several weeks will change to action a week from next Saturday when the athletes of ten conference universities take to the gridiron in preparation for the 1928 quest for pigskin honors.

Football observers of the far west tonight were practically agreed that the coming season will produce some of the closest competition witnessed in the region for years.

The rejuvenation of the University of California Golden Bears after several seasons of lethargy contributes not a little to the contention.

Coach "Nibs" Price, who last year took several bad conference beatings—University of Southern California, 13 to 0; Washington, 6 to 0; and Stanford, 13 to 6, and then showed championship flash in the final game when Pennsylvania was trounced 27 to 13 at Berkeley—has veterans to work with.

Nineteen letter men will report for California uniforms, an array of experienced talent equal at least numerically, to any institution on the coast.

The Golden Bears, their supporters predict, are due to break the "win monopoly" held jointly in recent years by Coach Howard Jones and his Southern California Trojans and "Pop" Warner and his Stanford pupils.

That Southern California will be strong is conceded, Jones has sturdy material from last year and has Don Williams, Russ Saunders, and several other backs to carry on the ground gaining work of all-American Morley Drury. Jesse Hibbs, another all-American, will captain the Trojans from his tackle position.

Stanford is depending upon Captain "Biff" Hoffman, fullback and a contingent of experienced aides to execute the famous Warner strategy in a manner that will lead to another championship season.

The Cardinals play West Point at New York in December and see a chance to claim national honors by a victory over the cardinals if coast opposition is humbled earlier.

Although pre-season indications point to California, Stanford and Southern California as leading lights in the conference, followers of Washington state, Idaho and Oregon state claim their eleven will rate the highest in years and that "upsets" can be expected when the footballs actually start flying.

## Klick, White TO TANGLE ON CERRITO CARD

Fight fans will see one of the best fighters on the coast in action tonight at Promotor Joe Ross's El Cerrito pavilion when Frankie Klick, top-notch in San Francisco rings, takes on Sydney White in a main event of 10 rounds or less. Klick has battled some of the best fighters on the coast, while White also has a fair record.

Another attractive feature of tonight's card is the fight between Mickey Brown of Richmond and Kato Nakamura.

Pedro Torres and Pat Sweeney will meet in the semi-windup; Joe Limas and Eddie Doody in the special event and Tim Daley and Pete Tripodes in the curtain raiser.

## Stars Win Third Game From Seals By Score of 7-2

SAN FRANCISCO, Sept. 6.—(U.P.)—The third straight victory of the league leading Stars over the Seals, third place team of the league, has increased the margin to six full games.

Hollywood beat the Seals, 7 to 2, when Shellenback, Star hurler, allowed only four scattered hits. Sacramento remained two games behind Hollywood by beating Oakland, 9 to 4 in 14 innings. The Oaks made all their runs in the sixth and the Seals scored four runs in the 14th to win.

Umpires were kept busy dusting home plate when the Missions beat the Angels 10 to 9. The Missions were leading 8 to 7 at

## DEVERAUX IS STAR BUT NOT POPULAR IDOL

By HARRY FERGUSON,  
United Press Sports Writer

It is not Deveraux Milburn's fault that he is not a national athletic hero.

He is as colorful as Ruth, packs as much punch as Dempsey and moves with all the grace of a ballet dancer. The reason that Milburn is not better known is that he happens to be a polo player instead of a baseball player or a boxer.

Polo is a popular game in some sections of the country and an unknown sport in others. No other athletic event calls for so much elaborate preparation. String of ponies must be maintained, large fields must be provided and players are forced to practice incessantly, to perfect themselves in the game.

Polo is worth all the trouble, for when two finished teams face each other the spectator is going to see a game that exceeds all others in action and thrills. Milburn is the genius of the polo fields, a hard rider, an accurate driver and the greatest back who ever grasped a mallet. For a decade he has been the bulwark of the American team in international competition. With T. Hitchcock, he ranks among the best players in the history of the game.

Milburn's success lies in his superb horsemanship and his iron constitution that enables him to withstand the bruising and battering of a score of hard campaigns. Even now that he is well past the forty year mark and his hair is streaked with gray, his drives retain the punch of his youth.

It is a mystery why Milburn retired from international competition. He can still play polo with the best in the world and should be able to carry on for at least four more seasons. Milburn hasn't given up the game—he will go on participating in minor matches and playing for the love of the game. He is true amateur.

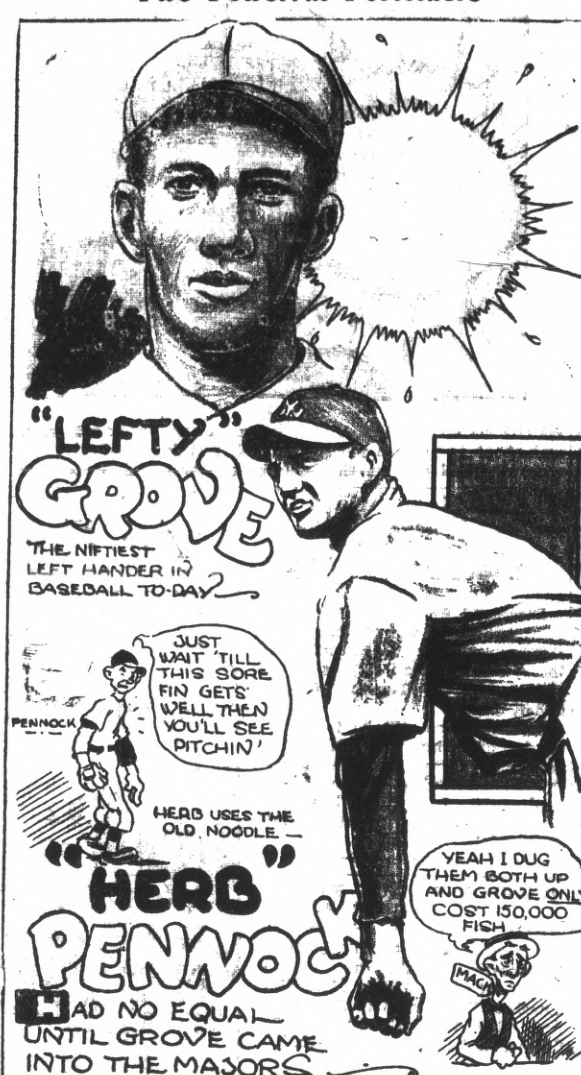

America is going to miss him sorely on September 8 when the United States four rides out against the Argentines for the championship of the Americas. Hitchcock realized what a gap Milburn's departure would leave, so he went out and persuaded the veteran Malcolm Stevenson to rejoin the team for the games with the Argentines.

The South Americans have sent a formidable four to the United States. Louis Lacey is a smart, clever mallet wielder and he can put his horsemanship against that of Hitchcock without fear of coming off second best. Horseman Lacey is the great asset of the Argentine team—all of them are born riders.

## Two Powerful Portsiders

## STRIBLING IS WINNER BY K. O. IN N.Y. BOUT

MADISON SQUARE GARDEN, N. Y., Sept. 6.—(U.P.)—Fighting a flashing, two-fisted fight, the best he has ever put up in a New York ring, Young Stribling stopped Johnny Squires of South Africa after 44 seconds of one-sided milling in the second round.

The southerner scored the first victory of Tex Rickard's new heavyweight contest designed to discover a successor to the crown given up by Tanney.

Stribling, weighing 181 and one fourth, looked a vastly improved fighter over his previous appearances in these parts, although the opposition offered by his opponent was not of a nature to provide a thorough test of the Georgian boxer's ability.

From the first blow, a left jab which Stribling drove into Squire's face, the fight was all to the Georgian. The South African was on the receiving end of a variety of punches, hooks and jabs, which his opponent tossed in a will without return.

**A HEALTHY STOMACH**  
Oakland, April 17, 1928.  
I suffered from pain in the pit of my stomach for years. I tried many doctors who pronounced my case Stomach Ulcer. They treated me without results. Eminent! Then I came to FONG'S SUCCESSFUL WAN. After two weeks I was entirely well. This was three years ago and I still enjoy a healthy stomach.

## MALIK'S STORE OPENS TONIGHT AT RECEPTION

Don Malik's newly remodeled store at Eighth street and Macdonald avenue will be formally opened to the public tonight at 7:30 o'clock when the doors are opened for a general reception.

Remodeled at a cost of \$7,500, the store is one of the most modern in the Bay district. Among the added features are a separate juvenile, prep school, and tailoring departments in addition to a working men's department.

The entire front has been remodeled, providing the latest features in window display. Dressed ceilings and textured type of walls add to the appearance, the color scheme being carried out in buff, gold and blue. A 28 foot addition built on the rear of the store provides space for the tailoring department which has display windows and an entrance on Eighth street. An indirect lighting system has been installed for the interior and display windows.

In addition to the remodeling of the store, Malik has secured a stock of the latest styles in men's suits and accessories which will be displayed for the first time tonight. An increased stock gives a greater variety for selection.

Harry C. Wilson, formerly of O'Brien's in Martinez has been added to the sales force, according to an announcement made by Malik yesterday.

entire continent. He numbered his friends in the thousands. When he lost his fortune and the favor of his royal patron he lost all his friends, too. His last days, penniless were spent in a French insane asylum, where he died in 1640. His final words were, "I have never been so happy in my life as while here."

BEAU BRUMMELL LEARNED what all of us must learn sooner or later. The world respects a man who does things. If you make a better door knob or a better paper box or a better newspaper than the next man the world will seek you out, honor you and reward you. But the moment you are content to rest on your laurels and slacken your efforts the world will ignore and neglect you.

A THREE-DAY HOMECOMING festival is being held in the village of Burk, Mo., in honor of the 77-year-old county physician who has served his small community for fifty-six years. The worthy physician has brought 6,744 babies into this world, in his fifty-six years of service the aged doctor has collected no fortune, no national honors, no particular prestige. He has simply worked long and hard and faithfully saving lives and bringing new ones into being. He has done a good job. That's his own reward. Those

of you who complain because of long hours and hard work think of this country doctor, at the beck and call of his patients twenty-four hours of the day the year around.

A NEW YORK TRANSIT COMPANY receives 20 cents from a Norfolk, Va., man in payment, with interest of a 5-cent fare which the conscience-fund contributor neglected to pay in the days of the horse cars. That is interesting as an indication of man's inherent honesty.

FAR MORE INTERESTING IS the comparison of those days with the present. Then the horse car carried its passengers a matter of a few blocks and took its time in doing so. Men surrendered their seats to ladies and chatted pleasantly with their fellow passengers. Now the subway rushes its human cargo over miles of underground track to its work. Men push women and children out of their way to grab a seat, and husky guards do their bit to make things pleasant for all concerned. Passengers growl at each other. But in one respect, the times haven't changed much. Fare evasion is still a popular if not always a successful pastime.

## Engineer On Trial For L. A. Girl Murder

LOS ANGELES, Sept. 6.—UP—Russel S. Beitzel, former Philadelphia engineer, went to trial on charges of having murdered Barbara Mauger, who left her home in the east to live in Los Angeles.

The defendant will not take the witness stand, it was intimated by questions defense attorneys asked prospective jurors as the trial opened. The veniremen were asked if such action would tend to influence their verdict.

The state announced that the death penalty would be sought. A throng of persons, with women in the majority, filled the corridors before the trial opened. One of the first acts of the court will be to adjourn to the lonely canyon where the nude body of the girl was found.

Mrs. Henry L. Mauger, mother of the murdered girl, wept as she positively identified the body. The state contends that the girl was murdered when she demanded that Beitzel marry her, in view of her approaching motherhood.

Beitzel denied the murder and expressed dissatisfaction with identity of the body.

## "ROBBERY" OF POST OFFICE CLEARED UP

MARTINEZ, Sept. 6.—When is a burglary not a burglary? When the burgled person hides the article "stolen" and forgets the hiding place.

That's about the only answer that can be made to the Giant postoffice "burglary" in which a registered letter containing 23 shares of Atlas Powder stock, valued at over \$1800 was reported the lost of thieves who entered the office Monday night.

All of a sudden yesterday afternoon Mrs. K. E. Pierson remembered that she had concealed the letter addressed to the Giant Powder Co. and carrying from the head office in Wilmington, Delaware, the stock issued to Emma J. Pickering. She promptly went to the hiding place and delivered the "stolen" missive to Superintendent R. H. Stratton.

Mrs. Pierson explained that when the registered letter came during the holidays, she hid it in the postoffice, which is not provided with a safe. Tuesday morning, when she discovered the lock had been pried from the office door, she became excited and forgot that she had hidden the valuable letter. Yesterday she remembered her act and with profuse apologies to all persons concerned reported the "theft" to have been a false alarm.
